### Advertisement for the post of SRF and JRF in a DST-SERB funded Research Project

Applications are invited for the post of Senior Research Fellow- SRF (one) and Junior Research Fellow- JRF (one) to be appointed in a DST-funded major research project entitled “**Biochemical and functional properties of Synechocystis Glutathione S-transferase(s)**” sanctioned to Dr. Timir Tripathi, Molecular and Structural Biophysics Laboratory, Department of Biochemistry, NEHU, Shillong.

**Stipend:** For Project-SRF Rs 18,000/- + 20% HRA, for Project-JRF Rs 16,000/- + 20% HRA per month.

**Essential Qualifications:** For both positions M.Sc. or equivalent with a good academic record is a prerequisite. For Project-SRF experience in Molecular biology is required, which should be evident by at least one good publication. Prior experience in Molecular biology/genetic engineering/protein science will be advantageous for both posts. Person with experience in working in research labs will be preferred.

Interested students can email their detailed **bio-data including mobile number and recent photograph** to **msb.biochem@gmail.com**, latest by **15.10.13**. The hard copy of the application can be send to Dr. Timir Tripathi, Assistant Professor, Department of Biochemistry, North-Eastern Hill University, Umshing Shillong- 793022, Meghalaya (**though soft copy by email is preferred**). The date of interview will be informed after primary scrutiny of the applications. No TA/DA will be paid if called for interview.

For details of the research work of the PI's group kindly visit **www.ttripathi.webs.com**.

Dr. Timir Tripathi
